Bylaws & Policies

3121 - CRIMINAL HISTORY RECORD CHECK

Before Genesee Education Consultant Services, Inc. (GECS) hires any employee (full or part-time) or allows any individual under contract to continuously and regularly work, a criminal history records check shall be conducted in accordance with State law.

"Under contract" shall apply to individuals, as well as owners and employees of entities, who contract directly with GECS to provide services on more than an intermittent or sporadic basis.

Individuals or entities that contract to provide continuous and regular services with GECS shall have the results of the required criminal history records check for review and approval *by the district where the employee will work*.

Should it be necessary to employ a person or contract for a person to maintain continuity of the program prior to receipt of the criminal history report, GECS may contract on a provisional basis until the report is received. Any such provisional hire requires that:

- A. The record check has been requested;
- B. The applicant has signed a disclosure of all convictions and acknowledges that employment may be terminated if there are discrepancies.

Such an inquiry shall also be made for substitute teachers who may be employed or contracted for by GECS.

For substitute teachers currently working in another district, public school academy or non-public school in the State, GECS may use a report received from the State Police by such school to confirm (*ICHAT*), that the individual has no criminal history. Absent such confirmation, a criminal history record check shall be performed.

Individuals working in multiple districts may authorize the release of a prior criminal history records check *by means of an "Affidavit of Assignment"*, with another district in lieu of an additional check for either direct employment or working regularly and consistently under contract in the schools.

Individuals who previously received a statutorily required criminal background check and who have been continuously employed by a school district, intermediate school district, public school academy or non-public school within the State, with no separation, may have their previous record check sent to the District in lieu of submitting to a new criminal background check, *following review by the district who holds the Livescan results and where the GECS employee is assigned, an Affidavit for Assignment will be completed and shared with GECS*. If this method is used, GECS must confirm that the record belongs to that individual and whether there have been any additional convictions by processing the individual's name, sex and date of birth through the Internet Criminal History Access Tool (*ICHAT*).

"No separation," for purposes of the preceding paragraph, means a lay off or leave of absence of less than six (6) months with the same employer; or the employee transfers without a break in service to another school district, intermediate school district, public school academy or non-public school within the State.

Confidentiality

All information and records obtained from such criminal background inquiries and disclosures are to be considered confidential and shall not be released or disseminated to those not directly involved in evaluating the applicant's qualifications. Records involving misdemeanor convictions for sexual or physical abuse or any felony are not subject to these restrictions. Violation of confidentiality is considered a misdemeanor with fines up to \$10,000.

Any notification received from the Michigan Department of Education or Michigan State Police regarding District employees with criminal convictions shall be exempt from disclosure under the Freedom of Information Act (FOIA) for the first fifteen (15) days until the accuracy of the information can be verified. Thereafter, only information from the Michigan State Police may be disclosed in reference to a Freedom of Information Act request.

Criminal history reports may be released with the written authorization of the individual.

Records may also be released, in accordance with statute, upon the request of a school district, intermediate school district, public school academy or non-public school when the individual is an applicant for employment at such school and there has been no separation from service, as defined in this policy and by statute.

- For incapacity due to pregnancy, prenatal medical care or child birth;
- To care for the employee's child after birth, or placement for adoption or foster care;
- To care for the employee's spouse, son or daughter, or parent, who has a serious health condition; or

Military Family Leave Entitlements

Eligible employees with a spouse, son, daughter, or parent on active duty or call to active duty status in the National Guard or Reserves in support of a contingency operation may use their 12-week leave entitlement to address certain qualifying exigencies. Qualifying exigencies may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

FMLA also includes a special leave entitlement that permits eligible employees to take up to 26 weeks of leave to care for a covered service member during a single 12-month period. A covered service member is a current member of the Armed Forces, including a member of the National Guard or Reserves, who has a serious injury or illness incurred in the line of duty on active duty that may render the service member medically unfit to perform his or her duties for which the service member is undergoing medical treatment, recuperation, or therapy; or is in outpatient status; or is on the temporary disability retired list.

Benefits and Protections

During FMLA leave, the employer must maintain the employee's health coverage under any "group health plan" on the same terms as if the employee had continued to work. Upon return from FMLA leave, most employees must be restored to their original or equivalent positions with equivalent pay, benefits, and other employment terms. Use of FMLA leave cannot result in the loss of any employment benefit that accrued prior to the start of an employee's leave.

Eligibility Requirements

Employees are eligible if they have worked for a covered employer for at least one year, for 1,250 hours over the previous 12 months, and if at least 50 employees are employed by the employer within 75 miles.

EMPLOYEE RIGHTS AND RESPONSIBILITIES

UNDER THE FAMILY AND MEDICAL LEAVE ACT Page 2 of 3

Definition of Serious Health Condition

A serious health condition is an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a health care provider for a condition that either prevents the employee from performing the functions of the employee's job, or prevents the qualified family member from participating in school or other daily activities.

Subject to certain conditions, the continuing treatment requirement may be met by a period of incapacity of more than 3 consecutive calendar days combined with at least two visits to a health care provider or one visit and a regimen of continuing treatment, or incapacity due to pregnancy, or incapacity due to a chronic condition. Other conditions may meet the definition of continuing treatment.

Use of Leave

An employee does not need to use this leave entitlement in one block. Leave can be taken intermittently or on a reduced leave schedule when medically necessary. Employees must make reasonable efforts to schedule leave for planned medical treatment so as not to unduly disrupt the employer's operations. Leave due to qualifying exigencies may also be taken on an intermittent basis. Employees only qualify for an FMLA leave once within a 12 month period. The 12-month period is measured forward from the date an employee's first FMLA leave begins. Leave can be used concurrently with a workers' compensation leave of absence.

Substitution of Paid Leave for Unpaid Leave

Absent language from the employee's Explanation of Fringe Benefits, employees must use any accruals (Personal Time Off, Sick Time, Vacation Time, etc.) before taking time off without pay.

Employee Responsibilities

Employees must provide 30 days advance notice to GECS, in writing, of the need to take FMLA leave when the need is foreseeable. When 30 days notice is not possible, the employee must provide notice as soon as practicable and generally must comply with an employer's normal call-in procedures.

Employees must provide sufficient information to GECS to determine if the leave may qualify for FMLA protection and the anticipated timing and duration of the leave. Sufficient information may include that the employee is unable to perform job functions, the family member is unable to perform daily activities, the need for hospitalization or continuing treatment by a health care provider, or circumstances supporting the need for military family leave. Employees also must inform the employer if the requested leave is for a reason for which FMLA leave was previously taken or certified. Employees also may be required to provide a certification and periodic recertification supporting the need for leave.

Employees on a covered leave shall not be allowed to be on GECS' contractor locations/work sites or have communications with other GECS employees or students or student's families.

Employer Responsibilities

Covered employers must inform employees requesting leave whether they are eligible under FMLA. If they are, the notice must specify any additional information required as well as the

employees' rights and responsibilities. If they are not eligible, the employer must provide a reason for the ineligibility.

EMPLOYEE RIGHTS AND RESPONSIBILITIES

UNDER THE FAMILY AND MEDICAL LEAVE ACT Page 3 of 3

Covered employers must inform employees if leave will be designated as FMLA-protected and the amount of leave counted against the employee's leave entitlement. If the employer determines that the leave is not FMLA-protected, the employer must notify the employee.

Unlawful Acts by Employers

FMLA makes it unlawful for any employer to:

- Interfere with, restrain, or deny the exercise of any right provided under FMLA;
- Discharge or discriminate against any person for opposing any practice made unlawful by FMLA or for involvement in any proceeding under or relating to FMLA.

Enforcement

An employee may file a complaint with the U.S. Department of Labor or may bring a private lawsuit against an employer.

FMLA does not affect any Federal or State law prohibiting discrimination, or supersede any State or local law or collective bargaining agreement which provides greater family or medical leave rights.

FMLA section 109 (29 U.S.C. § 2619) requires FMLA covered employers to post the text of this notice. Regulations 29 C.F.R. § 825.300(a) may require additional disclosures.

Employees must notify GECS when applying for a medical leave. An eligible employee is one whom is incapacitated due to a serious medical condition. A serious health condition is an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a health care provider for a condition that either prevents the employee from performing the functions of the employee's job, or prevents the qualified family member from participating in school or other daily activities.

If an employee requires time off work beyond the 8 week period, employee must submit written documentation after 6 weeks to Genesee Education Consultant Services to approve such request. Due to the nature of finding temporary replacements for many job positions, it is up to GECS and the district supervisors to determine if an extension will be granted.

Employees can only qualify for this leave once in a year-long period, rolling backward from the date of a previous medical leave.

Use of Leave

An employee must use this leave entitlement in one block.

Substitution of Paid Leave for Unpaid Leave

3362 - HARASSMENT OF EMPLOYEES OR APPLICANTS

Harassment of employees or applicants for employment is prohibited, and will not be tolerated. This includes inappropriate conduct by any person in the worksite environment, including other employees, Board members, parents, guests, teachers, contractors, vendors, and volunteers. It is the policy of GECS to provide a safe, positive work environment free of harassment.

Employees who have been found to harass other employees or applicants through any means, including electronically transmitted methods (e.g., Internet, telephone or cell phone, personal digital assistant (PDA), computer or wireless hand held device), may be subjected to GECS corrective action procedures. Such behavior is considered harassment whether it takes place on or off worksite property, at any worksite-sponsored function, or in a company vehicle if it is considered to have a negative impact on the worksite environment.

Harassment is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact an employee's ability to perform his/her job or an applicant's ability to complete the employment process. This would include harassment based on race, color, religion, national origin, sex, disability, age, height, weight, marital status, genetic information, or any other legally protected characteristic. This policy, however, is not limited to these legal categories and includes any harassment that would negatively impact an employee or applicant. This would include such activities as stalking and unwelcomed taunting, teasing, or intimidation.

The following definitions are provided for guidance only. If employees or other applicants believe there has been harassment, regardless of whether it fits a particular definition, they should report it and allow administration to determine the appropriate course of action.

Harassment

Harassment may occur when:

- A. Submission to such unwelcomed conduct or communication is made either an explicit or implicit condition of employment with GECS;
- B. Submission to, or rejection of, the unwelcomed conduct or communication is used as the basis for a decision to exclude, or limit the harassed employee or applicant in the terms, conditions, or privileges of employment with GECS;
- C. The unwelcomed conduct or communication interferes with the employee's work performance or the applicant's completion of the employment process, creates an intimidating, hostile or offensive environment, or otherwise adversely affects the employee or applicant's ability to perform.

Sexual Harassment

Sexual Harassment may include, but is not limited to:

- A. Verbal harassment or abuse;
- B. Pressure for sexual activity;

5517 - HARASSMENT OF STUDENTS

Harassment of students by GECS employees is strictly prohibited, and will not be tolerated. GECS abides by school policies to provide a safe and nurturing educational environment for all students. This policy applies to all activities on school property and to all school-sponsored activities whether on or off school property.

Harassment is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical or emotional well-being. This would include harassment based on any of the legally protected characteristics, such as sex, race, color, national origin, religion, height, weight, marital status or disability. This policy, however, is not limited to these legal categories and includes any harassment that would negatively impact students. This would include such activities as stalking, name-calling, taunting, and other disruptive behaviors.

Employees who have been found to harass students through any means, including electronically transmitted methods (e.g., Internet, telephone or cell phone, personal digital assistant (PDA), computer or wireless hand held device), may be subjected to GECS corrective action procedures. Such behavior is considered harassment whether it takes place on or off school property, at any school-sponsored function, or in a school vehicle if it is considered to have a negative impact on the school environment.

If the investigation finds harassment occurred, it will result in prompt and appropriate corrective action. This may include immediate termination of employees.

Retaliation against any person for complaining about harassment, or participating in a harassment investigation, is prohibited. Suspected retaliation should be reported in the same manner as harassment. Intentionally false harassment reports, made to get someone in trouble, are also prohibited. Retaliation and intentionally false reports may result in corrective action as indicated above.

The following definitions are provided for guidance only. If a student or other individual believes there has been harassment, regardless of whether it fits a particular definition, s/he should report it and allow the administration to determine the appropriate course of action.

Harassment

Harassment may occur when:

- A. Submission to such unwelcomed conduct or communication is made either an explicit or implicit condition of utilizing or benefiting from the services, activities, or programs of the School District;

- B. Submission to, or rejection of, the unwelcomed conduct or communication is used as the basis for a decision to exclude, expel or limit the harassed student in the terms, conditions or privileges of the School District;
- C. The unwelcomed conduct or communication interferes with the student's education, creates an intimidating, hostile or offensive environment, or otherwise adversely affects the student's educational opportunities. This may include racial slurs, mocking behavior, or other demeaning comments.

Sexual Harassment, may include, but is not limited to:

- A. Verbal harassment or abuse;
- B. Pressure for sexual activity;
- C. Repeated remarks with sexual or demeaning implications;
- D. Unwelcome touching;
- E. Sexual jokes, posters, cartoons, etc.;
- F. Suggesting or demanding sexual involvement, accompanied by implied or explicit threats concerning one's grades, safety, job, or performance of public duties.

5517.01 - BULLYING AND OTHER AGGRESSIVE BEHAVIOR TOWARD STUDENTS

GECS believes a safe and civil environment in school is necessary for students to learn and achieve high academic standards and it will instruct its employees to abide by school policies. GECS supports a safe and nurturing educational environment for all students. This policy applies to all activities on school property and to all school sponsored activities whether on or off school property.

Bullying or other aggressive behavior toward a student, by GECS employees is strictly prohibited. This prohibition includes physical, verbal, and psychological abuse, including hazing, gestures, comments, threats, or actions to a student, which cause or threaten to cause bodily harm, reasonable fear for personal safety or personal degradation. Demonstration of appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying is expected all GECS employees to provide positive examples for student behavior.

This policy applies to all activities on school property, in a school vehicle, and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school's control, or where an employee is engaged in school business. Misconduct occurring outside of school may also initiate corrective action if it interferes with the school environment.

"Bullying" is any gesture or written, verbal, graphic, or physical act (including electronically transmitted acts – i.e. Internet, telephone or cell phone, personal digital assistant (PDA), or wireless hand held device) that is reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression or a mental, physical, or sensory disability or impairment; or by any other distinguishing characteristic. Such behavior is considered harassment or bullying whether it takes place on or off school property, at any school-sponsored function, or in a school vehicle.

Aggressive behavior is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional well-being. Such behavior includes, for example, bullying, hazing, stalking, intimidating, menacing, coercion, name-calling, taunting, and making threats.

"Bullying" is conduct that meets all of the following criteria:

- A. is directed at one (1) or more students;
- B. substantially interferes with educational opportunities, benefits, or programs of one (1) or more students;
- C. adversely affects the ability of a student to participate in or benefit from the school district's educational programs or activities by placing the student in reasonable fear of physical harm or by causing emotional distress; and,
- D. is based on a student's actual or perceived distinguishing characteristic (see above), or is based on an association with another person who has or is perceived to have any of these characteristics.

GECS employees are required to report any situation they believe to be aggressive behavior directed toward a student, to GECS Human Resources Manager. Reports may be made anonymously, but formal corrective action may not be taken solely on the basis of an anonymous report.

All complaints about aggressive behavior that may violate this policy will be promptly investigated, and documented.

If the investigation finds an instance of bullying or aggressive behavior has occurred, it will result in prompt and appropriate corrective action. This may include termination of an employee and the situation may also be referred to law enforcement officials. The complainant will be notified of the findings of the investigation, and as appropriate, that corrective action has been taken.

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of aggressive behavior is prohibited and will not be tolerated. Such retaliation will be considered a serious violation of GECS policy and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as aggressive behavior. Making intentionally false reports about aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

The following definitions are provided for guidance only. If a student or other individual believes there has been aggressive behavior, regardless of whether it fits a particular definition, s/he should report it and allow the administration to determine the appropriate course of action.

"Bullying" is defined as a person willfully and repeatedly exercising power or control over another with hostile or malicious intent (i.e., repeated oppression, physical or psychological, of a less powerful individual by a more powerful individual or group). Bullying can be physical, verbal, psychological, or a combination of all three. Some examples of bullying are:

"Intimidation" includes, but is not limited to, any threat or act intended to tamper, substantially damage or interfere with another's property, cause substantial inconvenience, subject another to offensive physical contact or inflict serious physical injury on the basis of race, color, religion, national origin or sexual orientation.

"Menacing" includes, but is not limited to, any act intended to place a school employee, student, or third party in fear of imminent serious physical injury.

"Harassment, intimidation, menacing, or bullying" means any act that substantially interferes with a student's educational benefits, opportunities, or performance, that takes place on or immediately adjacent to school grounds, at any school-sponsored activity, on school-provided transportation or at any official school bus stop.

"Employee" includes all GECS employees..

For a definition and instances that could possibly be construed as hazing, see Policy [5516](#).

Confidentiality

To the extent appropriate and/or legally permitted, confidentiality will be maintained during the investigation process. However, a proper investigation will, in some circumstances, require the disclosure of names and allegations.

Notification

Notice of this policy will be incorporated into the employee handbook. State and Federal rights posters on discrimination and harassment will also be posted online. All new hires will be required to review and sign off on this policy and the related complaint procedure.

Superintendents will develop administrative guidelines to implement this policy. Guidelines will include reporting and investigative procedures, as needed. The complaint procedure established by worksite Superintendents will be followed.

8510 - WELLNESS

Genesee Education Consultant Services, Inc. (GECS) supports the following wellness policy for Genesee Intermediate School District (GISD) and similar wellness policies for other schools in which its employees work:

GISD recognizes that good nutrition and regular physical activity affect the health and well being of students. Furthermore, research concludes that there is a positive correlation between a student's health and well being and his/her ability to learn. Moreover, schools can play an important role in the developmental process by which students establish their health and nutrition habits by providing nutritious meals and snacks through the schools' meal programs, by supporting the development of good eating habits, and by promoting increased physical activity both in and out of school.

GISD believes this effort to support the students' development of healthy behaviors and habits with regard to eating and exercise cannot be accomplished by the schools alone. It will be necessary for not only employees, but also parents and the public at large to be involved in a community-wide effort to promote, support, and model such healthy behaviors and habits.

GISD sets the following goals in an effort to enable students to establish lifelong health and nutrition habits:

PERSONAL ELECTRONIC DEVICE USAGE

Purpose

Genesee Education Consultant Services (GECS) recognizes that employees are our most valuable asset and that they are essential contributors to our continued growth and success. Thus, we are firmly committed to employee safety and will do everything possible to prevent workplace accidents.

In school environments, it is especially important that employees remain focused on their work and do not experience unnecessary distractions that could compromise student and/or staff safety. Studies have shown that the use of personal electronic devices (PEDs) can distract workers from what is happening around them and reduce their ability to detect and react to potential hazards. This not only leads to an increased chance of injury for the PED user, but can also jeopardize the safety of those around them.

Because of the increased risk of injury that comes with the use of PEDs, GECS has developed this PED usage policy to protect its employees.

Scope

This policy applies to all employees of GECS and any outside contractors that may be performing work on GECS property.

Personal Electronic Devices includes the following: Cellphones, PDAs, Laptops, GPS systems, MP3 players, cameras, tablets, radios, headsets, and/or any other portable electronic device.

Instruction Area- any area that hosts the teaching and learning process for students and staff.

Guidelines

The following procedures apply to all GECS employees falling under conditions specified above.

-PED use is banned from all instruction areas.

-Employees whose primary job functions require them to spend 100% of their time in an instruction area:

- Are not allowed to carry any PED on their person while performing work duties regardless of their location.
- Can only use PED during break times in designated areas.

In no way does an employee's status outside of the above criteria guarantee their ability to use PED. The allowance or restriction of PED usage by employees whose primary job responsibilities take place outside of production areas will be left up to their supervisor.

This Military Leave Policy (the Policy) is designed to summarize Genesee Education Consultant Services (the Company) rules and regulations regarding military leave under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA) and to educate employees about their rights and compliance obligations.

SECTION 2. ELIGIBILITY FOR LEAVE

This Policy applies to all employees who are members of, or enter, the Uniformed Services of the United States, including the National Guard and the Commissioned Corps of the Public Health Service, any state's military forces, or the reserve components of these services. - **Military service leave of 31 to 180 days.** The employee must submit a written application for reemployment within 14 days following completion of his or her military service, allowing sufficient time for return travel plus an additional eight hours. - **Military service leave of more than 180 days.** The employee must submit a written application for reemployment within 90 days following completion of military service.

If the employee suffers a service-connected injury or illness, the Company will extend the applicable deadline for up to two additional years while the employee is hospitalized or convalescing.

When an employee returns from military service, he or she will be entitled to a position as determined by the following guidelines and applicable law.

If an employee returns from leave but is not qualified for a given position, the Company will make reasonable efforts to help the employee become qualified. Such efforts may include employer-provided training or other actions that do not cause an undue hardship on the

employer. In order to return to a position with the Company, the employee must be able to perform the essential functions of that position.

C. Exceptions

Employees who do not receive an honorable discharge are not eligible for reemployment.

Employees who are with the Company for a brief, non-recurrent period of time, and do not have a reasonable expectation that their employment will continue for a significant period of time are not entitled to reemployment or any related benefits.

SECTION 7. FOR CAUSE TERMINATION

When an employee returns from military service, the Company may terminate him or her in accordance with the following guidelines and applicable law.

- **Military service leave for 31 to 180 days.** If the employee's leave lasted for 31 to 180 days, the Company will only terminate the employee for cause during the first 180 days of reemployment.

- **Military service leave of 181 days or more.** If the employee's leave lasted for 181 days or more, the Company will only terminate the employee for cause during the first year of reemployment.

The Company may terminate an employee "for cause" due to an employee's misconduct, or any other legitimate, non-discriminatory reason.

Nothing in this section prevents the Company from disciplining an employee whose conduct is in violation of Company policy.

SECTION 8. DISCRIMINATION AND RETALIATION PROHIBITED

The Company prohibits discrimination against an employee on the basis of requesting or taking a military service leave. The Company will not deny employment, promotion, or any benefit of employment to a person on the basis of a past, present, or future service obligation.

Additionally, the Company prohibits retaliation against a person either because of an action he or she takes to enforce or exercise any USERRA right or for assisting in an USERRA investigation.

Violation of this Section is a serious violation of Company policy. Anyone engaging in such conduct may be subject to discipline, up to and including termination of employment.

Any sexual or other inappropriate conduct with a student by any professional staff member will subject the offender to potential criminal prosecution and disciplinary action by GECS up to and including termination of employment. Staff shall not engage in any physical contact with students. Staff shall also not meet a student off campus for any purpose unless given express permission from a student's parent or legal guardian.

However, dating, romantic and/or sexual relationships with students, regardless of their age and regardless of consent are absolutely prohibited, unless the professional staff member and student are legally married.

**OFFICE OF THE CHIEF EXECUTIVE OFFICER (“CEO”)
GENESEE EDUCATION CONSULTANT SERVICES, INC. (“GECS”)**

INVESTMENT POLICY

1. Objectives

GECS may invest its funds to maximize excess cash balance, while protecting principal amounts and minimizing potential risks. Long term stability and maintenance of cash flow for payroll (and other operational expenses) are necessary to meet operational functions and needs. Invested funds are not intended to be used to supplement or replace cash flow needs.

2. Delegation of Authority/Permitted Assets

The Board of Directors (“Board”) authorizes the CEO to invest eligible assets in money market funds, certificates of deposit, treasury bills/notes/bonds, mutual funds, equity instruments, high interest savings accounts and other prudent investment vehicles.

Preference will be given to funds that are FDIC insured and rated A or better. Notwithstanding any provision of this Investment Policy to the contrary, assets shall be invested in accordance with the State of Michigan’s Uniform Prudent Management of Institutional Funds Act (Act 87 of 2009).

The CEO is permitted to delegate his or her responsibilities under this Investment Policy to appropriately licensed investment managers and advisors. When delegating, the CEO shall ensure that such designee is qualified, understands the terms of this Investment Policy and that the aggregate fees (both direct and indirect) to be received by the designee are appropriate and acceptable. Designations shall be made in writing.

3. Standard of Care

While investing the assets subject to this Investment Policy, the CEO (or, his or her designee) shall act in accordance with this Investment Policy and in good faith and with the care that an ordinarily prudent person in a like position would exercise under similar circumstances. In making such investments, the CEO (or, his or her designee) shall consider the entire portfolio of invested assets, including the importance of diversification.

Individuals involved in the investment process shall refrain from personal business activity that could conflict with the proper execution and management of this Investment Policy or that could impair their ability to make impartial decisions.

4. Selection

In selecting investments and investment managers/advisors, the following shall be a non-exclusive list of relevant criteria to be considered by the CEO (or, his or her designee):

- Past performance relative to other investments (managers/advisors) having the same investment objective. Consideration shall be given to both performance rankings over various time frames and consistency of performance;

- Costs and fees relative to other funds (managers/advisors) with like objectives and investment styles;
- The investment's (manager's/advisor's) adherence to investment style and size objectives;
- Size of the proposed investment fund;
- Length of time the fund (manger/advisor) has been in existence, including the length of time the fund has been under the direction of the current manager(s) and whether or not there have been material changes in the manager's/advisor's organization and personnel;
- The historical volatility and downside risk of each proposed investment;
- How each proposed investment complements other assets in the portfolio;
- GECS' short and long term needs;
- The current economic environment; and
- The likelihood of future investment success, relative to other opportunities.

5. Investments

This Investment Policy reflects the Board's understanding that investment theory and historical capital market return data suggest that, over long periods of time, there is a relationship between the level of investment risk assumed and the level of return that can be expected. In general, in order to attain higher returns one must accept higher risk. A comfort level with investment risk influences how aggressively or conservatively a portfolio can be invested. Like a scale, risk needs to be balanced with the needs for returns to achieve the investment goals. Given this relationship between risk and return, a fundamental step is determining the amount of risk the Board can tolerate, which shall be communicated to the CEO on at least an annual basis.

The Board desires long-term investment performance sufficient to meet the objectives. The Board understands that to achieve such performance, the portfolio may experience periods of decline. The Board further understands that in a severe market, the potential recovery period could be extensive.

6. Duties and Responsibilities

- The CEO shall work closely with an investment advisor(s) in selecting investments. In selecting the investments and the investment advisor, the CEO should consider the criteria listed above in Section 4.
- The CEO shall work closely with the GECS Business Services Director to determine the appropriate amount of funds to be invested in light of the current financial climate and GECS' short/long term needs.
- The CEO shall advise the Board, at least biannually, as to the performance of the invested assets, including (but not limited to) gains, losses and related expenses.

- As needed and appropriate, the CEO may (i) transfer earnings to GECS' reserves, savings or cash accounts; and (ii) withdraw or reposition assets before maturity in the event of financial need or due to other GECS' priorities;
- The CEO shall timely monitor the investments and the performance of all retained advisors and, as necessary, create a "Watch List Procedure" as to the potential replacement of any underperformers; and
- The CEO shall annually review this Investment Policy and make recommendations to the Board regarding any desired modifications. At least annually, the Board shall review this Investment Policy (including recommendations of the CEO) to determine whether it should be modified due to changes in applicable laws, market conditions or changes in the organization. If modifications are made by the Board, the revised Investment Policy shall be immediately provided to the CEO (who shall provide same to its designees).
