Using the 403(b) Rollover Contribution Form

By completing this form and writing (or endorsing) your rollover check (if applicable) to the trustee or custodian, you can effect a rollover contribution to this plan. A rollover contribution is a tax-free movement of retirement plan assets from one retirement plan or a traditional or SIMPLE IRA into another plan. Your plan administrator may ask you for additional information in order to verify that the funds you are contributing qualify as a rollover contribution. Once completed, you should forward this form to your plan administrator for approval.

Note: *If this rollover contribution is being made during or after the first year for which you must take a required minimum distribution, you cannot roll over any amount which constitutes a required minimum distribution. Please check with your plan administrator for more information about this rule.*

Participant Information

Please complete the information requested in this section. Please be advised that the contact information will be used for purposes of this form only. If your information has recently changed, please ensure that it is also updated with your plan administrator. Your email address will be used only to collect any necessary information to fulfill this request.

Initiating Your Rollover

Contact your prior employer/investment company to request a distribution of your account balance. Please have a check made payable to: Ascensus Trust Trustee/Custodian; FBO Participant's Name and Social Security Number.

Rollover Amount

Please indicate the exact dollar amount of your total rollover contribution.

Rollover Contribution Information

Please indicate the exact dollar amount of your rollover contribution that is pre-tax and after-tax. You must ensure that the amount entered in items 1-3, not including basis amounts, equals the total amount entered into the *Rollover Amount* section. If you are rolling over contributions that you previously paid taxes on, please include the basis amount(s) and if Roth contributions, the first contribution year. Basis is the amount of your net contributions less earnings.

Rollover Investment Elections

Please indicate the investment fund(s) into which your rollover contribution should be placed by selecting option one or option two. If you choose to invest your rollover contribution differently than you invest your other future contributions, locate the name(s) of the investment fund(s) in which you want your rollover contribution invested and enter the percentage (whole numbers only) of the contributions you want invested in each fund. You can invest in one fund or any combination of funds offered by your plan. Certain investment elections or funds may require prior set-up of enrollment (e.g., investment models). Please check with your plan fiduciary for any conditions that may apply. If you do not want any of your contributions invested in a particular fund, leave the corresponding percentage space blank. Please be sure that your percentages total 100 percent.

Note: *If no investment elections are made with regard to the rollover amount, the rollover amount will be invested in the current election on file or if you have not made prior elections, the default investment option designated by your plan. Please check with your plan administrator for more information about the default investment option.*

Authorization

Participant

By signing and dating the form, you acknowledge that you have provided your plan administrator with accurate information and authorize the plan administrator to act on your request. Upon receipt of this form and your rollover contribution, the plan administrator is authorized to make your directed investment elections in your plan account as soon as administratively possible.

Plan Administrator

Please verify that:

1. Your plan document permits you to accept rollover contributions including that your plan document permits rollovers from the plan type elected on page 1.
2. The rollover contribution you are accepting qualifies for rollover treatment.
3. The information completed by the participant is accurate and complete.
